## Certification

Software Development

Cybersecurity

Blockcahin Developer

## Professional Summary

Skilled in software development and cybersecurity, I build secure applications and protect against cyber threats. With a strong background in computer science and cryptography, I develop resilient and highly secure software systems. Committed to staying current with cybersecurity trends, I proactively address vulnerabilities for data integrity. Passionate about cybersecurity and proficient in software development, I deliver reliable applications that meet the highest standards of protection. Detail-oriented and dedicated to excellence, I exceed expectations in software development and cybersecurity.

## Work Experience

- January 2023, Kenya Law

  Provided comprehensive IT support to Kenya Law, a leading organization in the legal sector.

  Implemented and enforced cybersecurity measures to protect sensitive data and mitigate potential threats.

- May 2022 to December 2022, Celo Kenya

  I worked as a blockchain intern at Celokenya, where I gained hands-on experience in developing blockchain solutions and contributing to the company's blockchain initiatives

- September 2022, ABC

  I further enhanced my skills by participating in the Africa Blockchain BootCamp, where I learned from industry experts and gained a deeper understanding of blockchain technology and its applications in various industries.

- Apr-may 2021, PWC Nigeria

  Virtual Experience (Cybersecurity threat analysist)

## Education

Sep 2019 -current

**Jomo Kenyatta University Of Agriculture And Technology**

Bachelor Of Science Information and Technology
